

## CengageNOW System [RETURNING USERS]

To enroll in a new class on CengageNOW [formerly known as ThomsonNOW or iLrn], please follow the steps below. If you want more detailed directions, go to page 2. If you run into technical difficulties, please go to

<http://tinyurl.com/2s7kqr>

**STEP 1:** Go to [www.ilrn.com](http://www.ilrn.com).

**STEP 2:** Click the link in the top left corner that says "Sign In" for Returning Users.

**STEP 3:** You may need to set your school location. If so, be sure to search on "Texas A&M" and pick the College Station campus. Then log in by typing your email address (that you had used as your login ID) and your password. Use the "Forgot your ID or password link" or contact tech support [link is above] if you have forgotten something. Your teacher will not be able to help you if you have forgotten this information.

**STEP 4:** Once you have logged in, you will see a gray box on the right that is called "Course Registration". Click on the link that says "Register for Another Course."

**STEP 5:** On the next screen, you will be asked to enter a Course Key. Your course key may have been emailed to you by your instructor or you can find a list of codes on the same page you found these instructions, [www.math.tamu.edu/~epstein/eHW](http://www.math.tamu.edu/~epstein/eHW). (Note: The Course Key is case-sensitive.) Type in the Course Key and then click "Use this key." If your course key is not listed, contact your instructor.

**STEP 6:** Your screen should flash and then look almost the same as before, except you should see in green "Congratulations!" and then right below that, "You are now enrolled in *your class here*" If this is not the case, repeat Step 5 or use the maroon HELP button for help.

**STEP 7:** At the top of the CengageNOW page, you will see 6 orange tabs. Click on the tab labeled "Assignments/Tests."

**STEP 8:** Once this page loads, you will see a drop-down list at the top left that has all the classes you have used CengageNOW in. Click the arrow for the drop-down menu, then click "*your class here*" and then click "Go." Choose which assignments to view on the top right of the screen. The choices are to view "All Assignments" or "Only assignments I can take". Click on the assignment column headers to sort the assignments.

You are finished!

## More detailed directions:

**STEP 1:** Go to [www.ilrn.com](http://www.ilrn.com).

**STEP 2:** Click the link in the top left corner that says "Sign In" for Returning Users.

The screenshot shows the Cengage Learning website interface. At the top left, it says "Formerly Thomson Learning" above the "CENGAGE Learning" logo. The main navigation area is a blue sidebar with three sections: "Returning Users" with a "Sign In" button, "New Users" with "Create an Account" and "Buy Now" buttons, and "Experience CengageNOW" with links for "Try it out", "Take a tour", "What works: Success Stories", "Talk to us", and "Experience CengageNOW on:" followed by logos for Blackboard, eCollege, and WebCT. The main content area features the "Texas A&M UNIVERSITY" logo. Below this are three columns: "User's Resources" with sub-sections for "Instructors" (Get Started, Get Trained, Get Support, Browser Setup Help) and "Students" (Get Started, Get Support, Browser Setup Help); "Announcements" with "Technology Learning Connected" and a "Learn More" link; and a footer with "Cengage Learning - Privacy Statement | Terms of Use | Copyright Notices | Technical Support | Version 05.0782.028.325.010 |" and a "HELP" button.

**STEP 3A:** You may need to set your school location. If your computer has remembered your location, skip to STEP 3B. Otherwise you will need to set your school. Type "Texas A&M" in the School name box. Then click Search.

The screenshot shows a search form titled "Enter Your School Name" with a help icon. Below the title is a paragraph: "To get the best match, be sure to spell out your full school name, and provide any location information. Then click 'Search'. An asterisk (\*) indicates a required item." The form contains two input fields: "Location" with a dropdown menu currently set to "(All Locations)", and "School name\*" with a text input field. Below the "School name\*" field is a hint: "(for example, University of California Riverside)". A "Search" button is located at the bottom right of the form.

There will be many search results. Be sure to pick the College Station campus. It is the top right school in the image below.

**Select your school**

<109> schools matched your search.  
Please, select your school from the list below then click continue:

<input type="radio"/> TEXAS A&M INTERNATIONAL UNIVERSITY ( Laredo , TX )	<input checked="" type="radio"/> TEXAS A&M UNIVERSITY ( College Station , TX )

[Register for Study Tools](#)

**STEP 5:** On the next screen, you will be asked to enter a Course Key. Your course key may have been emailed to you by your instructor. There is also a list of course keys on the page that has the link to these directions. (Note: The Course Key is case-sensitive.) Type in the Course Key and then click "Use this Course Key." If you do not see your course key listed, contact your instructor.

**Enter a Course Key**

We identify the course you are taking with a **Course Key**. If you received a code from your Instructor, the code you have received is a **Course Key**.

**Note:** Some classes are organized as sections of a main course. Please note that you can enroll in only one section of a course at a time. If you enroll in a second section, you will be unenrolled from the first.

To register for a new course, please enter the Course Key below.

[Use This Course Key](#) [Return to previous page](#)

Example:

If your instructor did not provide a course key, check if your course is available for [open enrollment](#), or if you are not registering for a course you may access your learning materials through Study Tools.

If you need further assistance, please [contact CengageNOW Technical Support](#).

**STEP 6:** Your screen should flash and then look almost the same as before, except you should see in green "Congratulations!" and then right below that, "You are now enrolled in *your class here*" If this is not the case, repeat Step 5.

**Enter a Course Key**

We identify the course you are taking with a **Course Key**. If you received a code from your Instructor, the code you have received is a **Course Key**.

**Note:** Some classes are organized as sections of a main course. Please note that you can enroll in only one section of a course at a time. If you enroll in a second section, you will be unenrolled from the first.

**Congratulations!**  
 You are now enrolled in Math Spring 2008 / Fulling.

To register for a new course, please enter the Course Key below.

[Use This Course Key](#) [Return to previous page](#)

Example:

If your instructor did not provide a course key, check if your course is available for [open enrollment](#), or if you are not registering for a course you may access your learning materials through Study Tools.

If you need further assistance, please [contact CengageNOW Technical Support](#).

**STEP 7:** At the top of the CengageNOW page, you will see 6 orange tabs. Click on the tab labeled "Assignments/Tests."
