COMMON EXAM II - VERSION **A**

LAST NAME(print): \_\_\_\_\_ FIRST NAME(print): \_\_\_\_\_

INSTRUCTOR: \_\_\_\_\_

SECTION NUMBER: \_\_\_\_\_

**DIRECTIONS:**

1. The use of a calculator, notes, or non-approved webpages is prohibited.
2. For multiple choice questions, the answer choices are in no particular order. You will need to select the corresponding answer choice in eCampus/Canvas.
3. For workout questions, work these problems on the answer template that was provided by your instructor. If your instructor did not provide the template, use your own paper. Don't forget to write your Name and UIN at the top of the page for every work out question. Ignore the yes/no choice at the end.
4. When you are done with the exam, you will use your phone to scan the solutions to the workout questions into a single pdf file and submit this pdf file to Gradescope. **Only submit the solutions to the workout questions. Do not include any solutions to the multiple choice.**
5. Show all your work neatly and concisely. You will be graded not merely on the final answer, but also on the quality and correctness of the work leading up to it.
