Logging into WebAssign

- At the Texas A&M Central Authentication System's site, type in your University NetID and password and then click on Log in. If you have successfully logged in, you will be directed to your course homepage.

The screenshot shows the Texas A&M University Central Authentication System login page. At the top, there is a red header with the text "Texas A&M University" and "CENTRAL AUTHENTICATION SYSTEM". Below the header, there are three buttons: "Aggie Gateway", "Change Your NetID Password", and "Forgot Your Password?". The main content area is titled "Please Log In!". On the left, there is a blue instruction: "Enter your NetID and password, then click on Log in." In the center, there are two yellow input fields labeled "NetID:" and "Password:". To the right of these fields is a red "Log in" button. Further to the right, there is a "New User?" section with a blue "Activate your NetID" button. Two blue arrows point from the instruction text to the "NetID:" and "Password:" input fields.

- To get directions on what to do after logging into WebAssign, go to <http://www.math.tamu.edu/ehmwk> and view the other available tutorials.
