The SMaRT (Summer Mathematics Research Training) Camp, is a two-week program at Texas A&M University. It is intended to facilitate interest in mathematics of advanced High School Students.

SMaRT CAMP 2012

The SMaRT (Summer Mathematics Research Training) Camp, is a two-week program at Texas A&M University. It is intended to facilitate interest in mathematics of advanced High School Students.

Camp Date:

June 10 – June 23, 2012

Application deadline:

March 31st, 2012

Review of applications starts March 2, 2012 and continues until the program is filled.

Support:

Room and board will be covered for accepted participants.

Information about SMaRT, visit:

SMaRT Camp 2012
SUMMER MATHEMATICS RESEARCH TRAINING FOR HIGH SCHOOL STUDENTS

Structure of Program

Morning lectures will introduce students to a variety of topics.

Returning students will serve as junior counselors. Some of the topics will be offered to the returning students. Some of the more advanced topic will also be addressed. The set of problems will cover important applications of combinatorics, and algebra.

Topics

Combinational Geometry, number theory,
combinatorics, and algebra.

Capacity

This year, up to 20 new and a smaller number of returning students will be admitted, as well as six undergraduate counselors.

Capacity

Each counselor will be assigned to a group of five students. Some of the returning students will serve as junior counselors.
