3. **Tips to prepare for the final:**

- Read over the lecture notes for a general review of the topics.
- Work the first three exams and sample exams. For topics you are struggling with, work the associated problems submitted on the week in review web page.

• I have compiled two sets of practice problems found here:

(1) <http://www.math.tamu.edu/~austin/livewirmath151.html> (final exam review link) I will work this set at the review Wednesday, 10:15-12:15 HELD 200

(2) http://www.math.tamu.edu/~austin/151_lecture_problems.html (final exam review link) This set will not be worked at a review. It is here for your reference.

4. **Where to go for help:**

- There will be a final exam review Wed, Dec 5th, 10:15-12:15 am in HELD 200.
- Office Hours: Mon, Dec 3rd, 3-5 pm
- Office Hours: Tues, Dec 4th, 3-5 pm
- Office Hours: Thurs, Dec 6th, 3-5 pm

5. **How final grades will be determined:**

- Formula for calculating grades:

$$.15T1 + .15T2 + .20T3 + .10Q + .10M + .05(\text{onlinehw}) + .25F$$

- Your two lowest quiz scores will be dropped and the two lowest online homework scores will be dropped.

6. **Grade disputes:** If you have a dispute about your lab grades, you have until Friday Dec 7th at 5:00 pm to take care of the dispute. If you need to contact your TA:

- Travis Thompson: thompson@math.tamu.edu
- Svetlana Poznanovik: spoznan@math.tamu.edu.
- Indranil Sen Gupta: sengupta@math.tamu.edu.

Once final grades have been assigned, they are final. I do not change grades for any reason unless there is a miscalculation in the computed average. Do not e-mail me asking what you made on your final exam. I am not allowed to e-mail grades, therefore I will not reply to any e-mails asking about exam scores. If you would like to come by my office at the start of the Spring semester and look at your final exam, send me an e-mail requesting an appointment and I would be happy to meet with you then.
