The following typos in the reprint of the above paper should be corrected.

1. The sign in (27) for the case $n < 0$ should be positive and NOT negative as it appears in the reprint.
2. The superscript ji on the last term in (30) should be corrected as ij
3. In (31), r^i should be corrected as r_i .
4. In (33), $(\frac{n+1}{r_j})$ appears three times. $(\frac{n+1}{r_j})$ in all three appearances in (33) should be corrected as $(\frac{n+1}{r_i})$
