Text: Notes from webpage. Reference if you want more stuff *Elementary Geometry from an Advanced Standpoint* Moise, Edwin E.

Course Contents: Geometric proofs, logic, other geometries.

Office Hours: MW 9:00-11:00
F 9:00-11:00

Exams: No makeup exams will be given without prior approval or official university excuse. Prior approval does not mean the night before the test, contact me at least two days in advance.

Test 1 Thursday, February 18
Test 2 Thursday, March 25
Test 3 Thursday, April 29

Quizzes: Are given during the class and are unannounced. I drop one quiz. If you know you are going to miss a day of class and you tell me in advance, then I will give you a makeup quiz if you take it within two days.

Homework: Will be assigned and occasionally picked up. Those days will be announced when the homework is assigned.

Final Exam: The final exam counts as 200 pts. The final will be given on May 11, Tuesday 1-3 p.m..

Policies: Policies pertaining to absences, scholastic dishonesty, and final exams are identical to TAMU regulations. Students with an official excused absence are permitted to make up work only for the dates of the absence. All other assigned work, even that assigned on the excused date is due as assigned.

Homepage: I keep an updated list of homework assigned and other stuff for the class at my homepage www.math.tamu.edu/~gklein/.

Grading:	3 exams	100 pts each	A	90%
	Quizzes	10 pts each	B	80%
	Homework	10 pts each	C	70%
	Final	200 pts	D	60%
	Total	varies	F	Less than 60%
