

Grade Posting Request

If you want your grades posted on my web page during the semester then you need to print this form, fill in the necessary information, and return it to me.

All grades posted on my web page will be posted by a 5 symbol alpha/numeric code. I will not distinguish between upper and lower case letters. Your code must have exactly 5 symbols or your grade will not be posted. Your code also **CAN NOT** be any part of your Social Security Number.

Reminder: If you give your code to your friends, classmates, or parents, they will be able to see how you are doing in the course. They will see what you made on every quiz, homework, and exam.

At any time you can decide that you don't want your grades posted. Inform me by e-mail or talk to me in class and when I update the grades I will remove you from the list. If you decide you want a new code then fill out and turn in another form.

Note: In the event of duplicate codes, then I will not post the grades of either person. If I can not read your code, your grades will not be posted.

Name: _____ Class: _____ Section: _____

Student Number: _____ (UIN: universal identification number)

Post by this code: _____ (5 symbols only)

I have read the above and I understand that the posting of my grades is not secure. I also understand that anybody with an Internet connection will be able to see the posted grades. I understand that I can at any time request that my grades be removed from the web or that I can change my code.

I request that my grades be posted with the code that I am providing.
