Section 4.1: Problems	6	(1pt)
	12	(1pt)
	16	(2pt)

Extra credit problem (3pt)	18 Section 3.8, page 255 (use the explanation above the problem)
----------------------------	------------------------------------------------------------------

The solutions/proofs have to be clearly written, clarity is very important in doing mathematics and proving things! The examples in the textbook may serve as a guide.

No cooperation on the assignment is allowed.

I will not accept late homework unless you can document a university-approved absence. On the other hand you are welcome to turn your assignment in early.

Good luck!
