CLASS TIME TTh 11:10–12:25, ZACH 119A

OFFICE HOURS TWTh: 3–4, or by appointment.

PREREQUISITES Math 446 or equivalent.

GRADING Your grade will be determined by homework, mid-term and final, each counting one third of your grade. Homework will be assigned each Thursday and handed in one week later, beginning Thursday Jan 24.

MAKE-UPS These will only be given in cases authorized under *TAMU* Regulations. If you miss an exam you must contact me *immediately*.

SPECIAL SERVICES Students with disabilities can get assistance from the Office of Services for Students with Disabilities (845-1637).

SYLLABUS We will cover Riemann integration, sequences and series of functions, measure theory, Lebesgue integration and Fourier series. This will probably fill up the semester, but other topics will be covered if time permits.
