To allow for a "trial period" in Learning Catalytics, we must provide access through MyMathLab. Students will be able to use temporary access in MyMathLab to try out Learning Catalytics, and at the end of the trial period, they can purchase access directly from Learning Catalytics. **If you already have access to Learning Catalytics through another Pearson MyLab/Mastering Product you will not need to re-purchase or re-register.**

**Student Access Instructions:**

1. IF you think you already have access to Learning Catalytics, go to [www.learningcatalytics.com](http://www.learningcatalytics.com) and click Sign In. You may have access already if you have purchased a different MyLab/Mastering product within the last calendar year. If you already have a Learning Catalytics account, please change your username to your TAMU net id email (example: myname@tamu.edu). Make sure you use the SAME first and last name in Learning Catalytics, which you use at Texas A&M University. IF you are using an existing account, you can update your username, password, and/or email address by going to this link: [http://247pearsoned.custhelp.com/app/answers/detail/a_id/447/kw/account%20](http://247pearsoned.custhelp.com/app/answers/detail/a_id/447/kw/account%20).

2. If you are not able to sign in to Learning Catalytics, go to [www.mymathlab.com](http://www.mymathlab.com), to obtain temporary access for 14 days.

3. Click Student (under Register). Click OK Register Now.

4. Enter this course ID: **scarborough53518**

5. Sign in or Create your Pearson account. You MUST use your TAMU net ID email (example: myname@tamu.edu) as your username so that you will get credit for participating in Learning Catalytics in Math 150. **When you register for Learning Catalytics, it is critical that you use the SAME first name and last name that you use at Texas A&M University so that your Learning Catalytics work can be matched with your name on the TAMU roster.**

---

**Sign In with Your Pearson Account**

Your account gives you access to your Pearson online courses and products.

Username: [Pearson username]
Password: [Pearson password]

[Sign In]

**Create a Pearson Account**

If you don’t already have an account, create one.

[Create]

Not sure if you have an account?

Forgot your username or password?

PLEASE MAKE SURE YOU USE YOUR TAMU NET ID **EMAIL** FOR YOUR USERNAME, AND THE SAME FIRST AND LAST NAME, AS KNOWN BY TAMU, WHEN ASKED FOR YOUR NAME.
6. Select TEMPORARY ACCESS at the bottom of the purchase options. See the option circled below.

**DO NOT PURCHASE FROM THIS SITE!**

7. Once you have successfully obtained temporary access, to MyMathLab, go to www.learningcatalytics.com. Sign in with the username/password you created.

**Instructions to Upgrade your account to FULL access:**

8. At the end of the trial period, you will purchase your access directly from Learning Catalytics:
   a) Go to www.learningcatalytics.com
   b) Click “Log In”
   c) You will be prompted to purchase access once your account expires:

   Learning Catalytics is a classroom engagement and assessment tool that enables your instructor to ask you questions during class that you can respond to using any web-enabled device (e.g., smartphone, tablet, or laptop).

   **Student Purchase Options**
   - I have an access code
   - 6-month access to Learning Catalytics
   - 12-month access to Learning Catalytics

   **Instructors**
   - If you are an instructor, request an access code from your sales representative.
   - I have an access code

   **Pricing for access:** 6-month access-$12.00 or 12-month access-$20.00
If for some reason, you need to request a refund, please go to this site:

http://247pearsoned.custhelp.com/app/answers/detail/a_id/9559/~/refund-requests

From this point, you can sign into www.learningcatalytics.com to access your materials. Thank you!

*** Please note that the course scarborough53518 in MyMathLab www.mymathlab.com is “Overcoming Math Misconceptions: PreCalculus Bootcamp.” During the free trial part of MML, consider taking the Chapter 0 Diagnostic and then working on the Chapter 0 homework for your benefit.

Troubleshooting:

Use the link below if the system tells you that your email address is already tied to a Pearson account. Use this link to retrieve your username/password:
