

Math 220**Final Exam Information**

- **Where/When is the final exam?** The final exam is scheduled as:

Section	Date	Time	Place
901	F 05/02/2014	12:30pm-2:30pm	HELD 119
902	F 05/02/2014	3:00pm-5:00pm	EDCT 632

- You do not need a scantron for this exam.
- Things to bring to the test: pencil, eraser and your student identification card.
- **Office Hours** during dead week: Wednesday, 04/30, 11:00am-2:00pm.
- It is **advised** that you Read over the Lecture Notes and Homework (including Homework over section 5.5.). For topics you are struggling with, rework the associated homework problems. Rework midterm exams of this and the previous semester (including definitions and theorem proofs from there). In addition, I expect that you know
 - * all definitions from the sections 4.1-4.2, 5.5 (there are about 12 definitions in total).
 - * the following proofs from the lecture notes: Propositions 12&13 (section 4.1), Theorems 4&5 (section 4.2(part II)), Proposition 2(a,b,c) (Section 5.5). Be able to formulate and to show equivalence of two formulations of the Fermat Little Theorem.
- Due to privacy issues, I cannot discuss grades over email or phone. Thus I will not reply to any e-mails asking about exam scores. If you would like to look your final exam, I can meet with you at the start of the Summer/Fall semester. For this send me an e-mail requesting an appointment and I would be happy to meet with you then.
