DESCRIPTION: This is the honors section of the third course in calculus for engineering majors and covers chapters 11 through 14 of the Early Vectors Edition of Stewart. This includes differentiation and integration in several variables, a study of curves and surfaces and the Fundamental Theorems of Vector Calculus. You will learn the computer algebra system Maple and the mathematical word processor Scientific Notebook.
OTHER POLICIES

1. ON-LINE HOMEWORK will be assigned from the CengageNow online Homework system. Log onto ilrn.com and enroll using the Section Key E-YMSGQAP3W99KG. Late homework will not be accepted. Rather, the lowest two ON-LINE HOMEWORK grades will be dropped. The remaining grades will be averaged and then rescaled to 50 points.

2. QUIZZES will be given in lecture or lab and will not be announced. Additional paper HOMEWORK may be assigned and is due on the announced dates. LAB REPORTS will be collected at the lab period one week after the lab. On lab reports, students will work in pairs. Each pair will turn in one lab report and receive one grade.

3. QUIZZES, paper HOMEWORKS, and LAB REPORTS will each count equally. There will be NO make-ups for QUIZZES and late HOMEWORK or LAB REPORTS will NOT be accepted. Rather, the lowest two quiz or homework or lab grades will be dropped. The remaining grades will be averaged and then rescaled to 150 points.

4. PROJECTS will be collected on the date announced. Late projects will NOT be accepted. On projects, students will work individually or in groups of 2 or 3 or 4. Each group will turn in one report and receive one grade out of 50 points.

5. MAKE-UPS for MAJOR EXAMS will be given only in case of an absence authorized under University Regulations. You will need a note from your doctor or your academic dean’s office. If you know in advance that you will miss an exam, please contact me so that you can take the make-up in advance. If you email me, be sure to include your phone number.

6. ATTENDANCE is REQUIRED. Attendance will be taken in lecture and lab. If you sign the roll sheet, you are expected to remain for the entire period. More than 2 absences may have a detrimental effect on your grade especially in borderline cases.

7. You will be asked to provide 15 multiple choice SCANTRON 815E forms. You must have your ID with you at all exams. You MAY use a simple CALCULATOR during exams but NO PROGRAMMABLE, GRAPHIC or ALGEBRAIC CALCULATORS and NO LAPTOP COMPUTERS.

Collaboration on assignments, either in-class or out-of-class, is forbidden unless permission to do so is granted by your instructor. Typing notes/formulas into your calculator is also considered cheating.
