Office Hours: Tentative office hours are MWF 3-4 and by appointment.

Prerequisites: Math 251 or equivalent.

Course Policy: Homework will be assigned each class meeting and selected problems will be collected every Friday. You are responsible for all that is assigned—KEEP UP! Assignments are due at the beginning of class and are considered LATE once class has started. Late papers will be accepted up until the beginning of the next class. You are allowed one late paper without penalty. After that, the next late loses 20 percent, the next 40 percent, etc. No homework scores will be dropped. Makeup exams are allowed only for university excused absences.

Exams: We will have a total of four exams, including the final. The second exam will be given June 30. The dates of the other exams will be announced.

Grading: Homework, labs and quizzes count for 30% of your grade, the first and third exams count 15% each, and the second and final exams count 20% each. The second exam is comprehensive for the first half of the course, and the final exam will be comprehensive for the second half. Letter grade cutoffs are as follows:

90–100%    A
80–89%      B
70–79%      C
60–69%      D
less than 60%    F.
MAKE-UPS: For exams and quizzes will only be given with documented University-approved excuses (see University Regulations). Scholastic dishonesty will not be tolerated. All students are required to do their own work on all quizzes and exams.

COPYRIGHT STATEMENT: Please note that all written and web materials for this course are protected by copyright laws. You can xerox (or download) one copy for your own use, but multiple copies are forbidden unless written permission is obtained by your instructor.
