

2018–19 Departmental Awards for Outstanding Teaching and for Outstanding Service

Awards for Outstanding Teaching:

- *Florent Baudier*: For his excellent teaching of Math220 and for his contributions to the very successful Study Abroad program in Besançon, France.
- *Boris Hanin*: For his outstanding teaching of undergraduate and graduate courses, and his extremely successful graduate topics course in fall 2018 that had an enrollment of 100+.

Awards for Outstanding Service:

- *David Manuel*: For his service in mentoring graduate students, setting up grading support requests, and his leadership in the SEE Math summer program and the Integral/Derivative Bee contests.
- *Oksana Shatalov*: For her leadership in the Summer Mathematics Research Training (SMaRT) Camp and in the High School Math Contest.
