

## Texas Algebraic Geometry Seminar 2015

### Short Programs:

The Texas Algebraic Geometry Symposium is a joint seminar of Rice University, Texas A&M University, and the University of Texas at Austin. This conference aims to bring to a regional audience the latest developments in Algebraic Geometry.

This Fall there will be two weekend programs to complement the main conference series. These events will be held at Texas A&M campus on September 26 and October 24. The events will run from 11:30 am to 5pm.
